The 1985 Georgian Dedication

Miss Kathleen Ward and
Mr. Frank Gately

For the past six years Miss Ward and Mr. Gately have been the inspirational force behind the class of 1985. Throughout the years the "dynamic duo" have given us the unfailing love and staunch support.

They were always full of enthusiasm when we were feeling down; they were there to give us the needed push when we faltered. Not only were they our advisors but they were also our friends.

Through their friendship we have grown together as a class. This caring friendship have prevailed throughout our dances, proms, skits, and fundraisers.

Their friendship and guidance will be treasured by us for the rest of our lives.

Their constant reminders have helped us to achieve the high goals, dreams, and expectations we have set for ourselves.

We hope they understand that this is not just a dedication, but much more. This is a symbol of our love and appreciation for six of the most memorable years of our lives.

We love you both,
The Class of 85

“The 1984 Georgetown High Field Hockey team was just that, a team. It was their close relationship that pushed them through the tough times to rise above adversity and thrust them into the state tournament for the first time in three years. The team was led by Tri-Captains, Marsha Baker, Tanya Walters, and Samantha Young. Other seniors instrumental in this fine season were Michelle Holt, Amy Rohner, Jennifer Curran and Caren McDonald, who although out for the season due to injury was with the team in spirit. Keep the memories seniors!!!”

Being your class advisors for these past six years has meant many things to us. Although there were times of hard work, frustration and even tears, the thoughts of them are diminished by the memories of the good times, the "firsts" and the successes we all shared. Watching so many varied personalities grow and develop into vibrant, productive, young adults has been a very rewarding aspect of our time together.

You have proven through hard work, integrity, cooperation and achievement that you can be the best. You have demonstrated an outstanding, cohesive class spirit by being empathetic, caring, good humored and involved. These positive characteristics have combined to make the class of 85 that which everyone has come to recognize as truly outstanding.

We are confident that you will continue to be the best that you can be as you face the challenges of the future. We wish you every success in meeting those challenges as you begin this new chapter in your lives. As we bid you farewell, please know what a deeply rewarding and enriching experience our advisorship has been. When we reflect upon these past six years, we will always remember them as the best of times.

For this we thank you,

Miss Ward
"Kath"

Mr. Gately
"Gates"

P.S. We'll look forward to hearing about all your successes at our "fifth year reunion" in the summer of 1990.

Class of 1985, we are it!! We are friends. Together we have shared many good times and some bad times, but through it all, we have remained close knit friends. The Georgian of 1985 captures many of those moments and implants them in our minds forever. Although we may go our own separate ways, with this book, we have a common bond that will keep us together simply by the memories we share.

Miss Ward . . . Mr. Gately . . . Mr. Luca, you three make a perfect team. You pushed us when we needed to be pushed, you relented when you knew the pressure was building, and you understood our anxieties. For all of that and much more you deserve a special thank you. Your devotion will always be remembered and appreciated. To the Yearbook Committee, I extend a whole bunch of gratitude for all of the long hours you put in selling, designing, and getting ads for the book. Special thanks has to go to Jeannette for her great coordination of the business end of the book, to Diane for most of the typing, and to Aaron for his excellent cover design. Thank you all.

Julie, we have been neighbors and friends for six years and working on the yearbook with her has been one of the most memorable experiences of my Senior year. Thank you, Julie. Finally, I would like to thank my friends and mom, dad, and Jodi who have had to put up with my crankiness for six months. Dick, Shawn, Paul, Scott, Chris, and Jim, you guys are great. I will never miss another card game after school. Thanks for understanding.

Best of luck and success to all,

Stephen,
Co-Editor

Well, "85", we made it! This memento is for you — capturing all out fondest memories. Many hours of hard work were put into this by many people. Despite my screaming fits at times, all that you have done has not gone unappreciated. Thank you for putting up with me! A special Thanks to Jeannette who organized the advertising; Diane, who typed her fingers off; Miss Ward who kept us organized and made sure we made our deadlines; Gates who kept us laughing and always managed to look on the brighter side of things; Mr. Luca without whom we never would have known what to do; and finally to Steven, my co-editor.

Finally THANK YOU Mom and Dad. I know there were times when I was unbearable . . . I love you both! Kerri, Kim, Shawn, Lisa and Scott thank you for lending me your shoulders when I needed them.

Julie Stanley
